NOT GLIDERS, AIRSHIPS  
WANTED.  
ANOTHER ATTEMPT TO KILL  
BRITISH INFLUENCE.

By Arthur Brisbane

L. OS ANGELES, CAL., Feb. 8.—Colonel Lindbergh continues his work with air gliders, traveling without engines. They seem to fascinate the great pilot. He has tried flying gliders before daylight, to experiment with early morning winds, and recently flew 15 miles in a plane with no engine. Reporters say he means to try for the glider long distance endurance record.

That is all interesting and courageous, but has little to do with the important part of flying, still in its infancy. Ships that will not crash, pilots trained to think only of passengers' safety, not so much about proving that they are not "yellow," are needed. The pilot that will "go through in any kind of weather" needs to be replaced by the man who will take passengers only in perfectly safe weather. A pilot that will come planes and flying methods to which no seamen will make any difference.

The glider, interesting toy, goes with air currents, teaching, perhaps, a little about flying. But it has as little to do with great airships of the future as the Hawaiian surf board has to do with improved ocean steamships.

Lindbergh commands the attention and respect of capital and industry. What he recommends will be tried. Even the government might wake up and cease leaving the flying future to chance. If Lindbergh urged it, his mind should be on weather-defying airships for 1,000 passengers not on a cunning little board that will skim on the air with a man sitting on it.

If you say that a man who knows nothing about flying should not presume to advise one who knows all about flying, please remember that the inventor of the sewing machine did not know how to sew.

Another attempted murder, among our Latin-American friends. An attempt, fortunately a failure, is made on the life of Mello Vianna, vice president of Brazil. As in the recent Mexican outrage, the man attacked was making a political address and the would-be murderer was moved by political hatreds. Only harsh severity can meet such an assassination epidemic.

Our gentlemen at the naval conference are said to agree on a program of 15 battleships for 1931. Britain and America to have the same number. Japan would have nine. Fifteen new battleships would cost this country, with its costly building methods, at least nine hundred million dollars and offer 15 conspicuous targets to enemy aircraft.

The cost of 10 battleships would provide airplanes and submarines enough to clear the earth's waters of all floating craft. And the engineers know it. But that would not supply profits for battleship makers.

After the battleships are launched will come the expense of camouflaging them, and providing harbors to hide them away from planes and submarines in case war should come.

Britain and this country continue the effort to suppress use of submarines. Britain, depending on such ships to feed her population, wants no submarines, of course. They would starve Britain in war. Once Sam is the kind-hearted cat that pulls Britain's chestnuts out of the fire, or tries to.

We do not depend on food from abroad. We do need submarines to protect our coasts, the Panama canal, our harbors and island possessions. What British reluctance is it that persuades our agents to act against the national welfare? What British influence in our government gives British instructions to American delegates? Fortunately, France and Japan, represented by delegates that do not get their instructions from Britain, will probably block the submarine nonsense.

## Veterans Hosts To Salem Scout Troop

## Chicago Launches Drive On Gunmen, Racketeers

### PRISON LOOMS FOR SUSPECTS IN ALL CASES

Men Will Be Arrested On Sight and Jailed At Once by Police

### MURDER, ROBBERY EPIDEMIC GROWS

Police Head to Make City "Hot" for Gangsters, He Announces

Chicago, Feb. 8.—While the crime problem of Chicago was still being solved on paper today and by investigating committees, one shooting, a daring burglary and more than 20 robberies sent detective squads scurrying to all parts of the city today.

Police Commissioner William Russell, in a desperate attempt to stave off the crime wave, resolved to arrest every known hoodlum, gunman and racketeer on sight, hurt them in jail and keep them there until they are released on writs of habeas corpus.

Squads swooped down on a boxing show here last night and arrested seven men, five of whom were released. Hoodlums today with police records were being rounded up in every section of Chicago and carried to the bureau of identification.

"I'll arrest them so often they will be glad to leave Chicago," said Russell grimly. "And when they leave the court with a discharge, we'll arrest them as they walk out the door."

Hold Meeting  
Dissatisfied with the results obtained by police in their war upon criminals, the Chicago Association of Commerce held a meeting which was attended by Commissioner of Police Russell and State's Atty. John A. Swanson at which it was decided to appoint a "citizens of courage and action" committee to study the crime problem of the city.

While this body was being selected, Pasquale Calabrese fell to the floor of his home today, writhing with fatal bullet wounds, said to have been inflicted by two women with whom he quarreled. Calabrese died after police arrived. The women had fled.

Burglars simultaneously raided the home of Erwin Wagner, millionaire head of a sign company, bound and gagged Wagner's two children, Frank, 18, and Louise, 15, and escaped with jewelry and money, the value of which was unknown.

## DRY ADVOCATE'S AIDE ARRESTED

Secretary Charged With Drunken Driving After Crash Of Automobile

Washington, Feb. 8.—Samuel R. Young, lawyer and secretary to one of congress prohibitionists, Rep. Perry E. Quinn (D., Mich.), Miss. today was awaiting trial in police court on a charge of operating an automobile while drunk.

The charge was preferred after his automobile and a machine driven by Charles S. Walters, crashed near the Capitol grounds last night. The drivers were not hurt but Mrs. Walters, riding in her husband's automobile, was badly cut and bruised. She received treatment at a hospital. Both automobiles were seriously damaged and had to be towed away.

Young was held at the precinct station until a professional bondsman posted \$1,000 for his appearance when his case is called. Before becoming Quinn's secretary he held a similar position with Senator Pat Harrison (D.), of Mississippi.

## Report Goodyear In Merger With Others

New York, Feb. 8.—Further rumors and possible combinations were discussed in Wall street today, following the reports that Cyrus S. Eaton, Cleveland financier and industrialist, has obtained control of the Goodyear Tire and Rubber company and its subsidiaries.

Control of the huge concern was obtained from Dillon, Read and Company by Eaton.

Among the combinations possible was mentioned a three-cornered consolidation of Goodyear Tire with the U. S. Rubber company, controlled by the Dupont interests at Wilmington, Del., and the Seiberling Rubber company.

## First Ocean Flyer Starts Preparing

Oakland, Cal., Feb. 8.—Racing to the Atlantic seaboard in an effort to be the first trans-oceanic flier of 1930, William Ulrich, noted young New York pilot, was winging eastward today from Oakland.

His ultimate goal is Ostend, Belgium.

Ulrich is headed for Lehigh, Pa., where he will take delivery of a "mystery" plane, constructed by Martin Jensen, Dole racer. A navigator, possibly a girl, will be selected and test flights will be begun immediately. Ulrich said before his take-off here.

The flight is to be backed by a New York society woman.

Ulrich was a member of the "Three Musketeers" endurance team a year ago. He is the fiancé of Viola Gentry, who was seriously injured in an attempt to set a sustained flight record.

## THREE PERISH IN HOME FIRE

Mother, Two Children Die As House Burns Near Michigan City

Cadillac, Mich., Feb. 8.—The charred bodies of a mother and her two small children were found early today in the fire-ravaged ruins of their home in Neauwataka, near here. Neighbors, who sighted the blaze, were forced to stand by helpless, while the mother and her two children, a boy two years old and a girl three months old, were burned to death. The intense heat which was caused by the timber-like building, prevented rescuers from entering the home.

## LUNACY CHARGE FACING STRIKER

Jail Officials Fear Man Will Collapse Unless He Has Nourishment Soon

Warren, O., Feb. 8.—While Richard Stewart, Warren rug merchant, continued his "hunger strike" into its 24th day today, chief deputy sheriff Evan Thomas prepared to file an affidavit of lunacy in probate court against the man.

Stewart is maintaining a starvation program as a form of "punishment" to Police Judge C. B. Perry for imposing a \$200 fine and costs on him on a charge of molesting a woman.

When informed that a lunacy affidavit would be made out against him, Stewart appeared unaffected and asserted that he would continue his fast. The "hunger strike" is growing weaker daily and jail officials fear that he will collapse.

## LISBON ROAD IMPROVEMENT DELAY LOOMS

County Commissioners to Consider Changing Highway Route

Lisbon, Feb. 8.—Although the State Highway Department has advertised for bids for the improvement of the narrow brick section of the Salem-Lisbon road, and a letting at Columbus, Feb. 25, the proposal may be cancelled on account of the excessive damage claims filed with the county commissioners.

Property owners along this 3.33 miles of road want approximately \$20,000 damages.

Property owners on the Lisbon, Franklin Square-Salem or old state road have waived all damages providing the road is rerouted through Franklin Square.

The estimated cost of improving the present brick section of the Salem-Lisbon road with concrete is \$139,655.60. There will be no assessment against property owners, it has been announced, as the improvement is to be paid for by the state highway department.

A concrete pavement 20 feet in width is proposed for this section of road and the date set for completion is Oct. 1 next.

A survey of the Lisbon-Franklin Square-Salem road has been ordered, and this is expected to be completed within the next few weeks.

## COUNTY LANDS SOLD FOR TAX

Sheriff Disposes of Property At Auction For Small Sums; Sale Ordered

Lisbon, Feb. 8.—At a total bid of \$59 Deputy Sheriff James F. Elliott sold 43 tracts of land at auction in front of the court house Friday afternoon to satisfy tax lien cases now pending in common pleas court.

In only one instance did any single tract bring more than \$1 and this lone tract sold to William Mautz for \$11.

The majority of the 48 tracts were bought in by William S. Folks of East Liverpool, while other tracts were purchased by W. F. Wilson, J. W. Shoffner and Ralph Hansen.

Tracts sold at this sale were the realty owned by Elton L. and Sarah B. Mathes, Bertha Barnes, G. A. and M. W. Cawthon and others; Kenna Smith, William Cary Ely, L. A. Louche and others, and Alfred A. Dozle.

After these sales have been confirmed by the court, deeds will be ordered and the title to the land changed on the county tax map.

## Hurled from Car, Damages Are Asked

Lisbon, Feb. 8.—Claiming that she was severely injured by being thrown out of a surface car operated by the Steubenville, East Liverpool & Beaver Valley Traction company, on Oct. 16, when the car rounded a curve and caused a door to open suddenly, Rowena Best has filed a \$25,000 damage action in common pleas court against the company.

Negligence is claimed on the part of the corporation.

## VICE-PRESIDENT OF BRAZIL WILL RECOVER, CLAIM

Shot Three Times In Riot At Political Meeting In Interior State

## FIVE ARE KILLED IN PARTY RIOTS

Leaders Feel Uneasy As Time For Voting Draws Near

Rio de Janeiro, Feb. 8.—With the presidential elections less than a month away, an undercurrent of uneasiness was felt in Brazilian political circles today following the shooting of Vice President Fernando Mello Vianna while making a political speech at Montes Claros, Minas Geraes.

Three bullets from the gun of a supposed political opponent entered the neck and head of Dr. Mello Vianna. Five other persons, including the vice-president's private secretary, were killed and 14 were wounded in the melee that followed, according to dispatches received here today.

The vice-president was removed to a hospital in Belo Horizonte, capital of Minas Geraes. It was stated his wounds were not critical and that he would recover although it could not be stated definitely how soon he could essay the journey back to this city, more than 400 miles away.

Officials here refused to state definitely today whether or not martial law had been or would be declared in the state of Minas Geraes which is extremely important in Brazil from a political standpoint.

Dr. Mello Vianna who is leader of the conservative party in Minas Geraes had gone there to make a round of political speeches. As he began a speech in Montes Claros, one of the strongholds of the opposition party, someone fired at him from a nearby house. A riot followed. It was reported one woman was among those wounded.

## 22 ARRESTED BY SALEM OFFICERS

Police Chief Thompson Submits Report For Last Month

Twenty-two arrests were made by Salem police during January, Police Chief T. W. Thompson stated today in his monthly report.

Four searches were made for liquor and 24 calls and complaints were answered during the month. Eight arrests were made on charges of intoxication.

Arrests were made on following charges:

Intoxication, eight; driving while under the influence of liquor and careless driving, each three; possession of intoxicating liquors, two; transporting liquors, operating motor vehicle insufficient brakes, selling unmarked bread, peddling, false pretense and violating traffic ordinance, each one.

Arrests were made by members of the force as follows:

Stoffer seven; Hiddleston three; Reardon two; Stoffer-Gray six; Thompson-Stoffer one; Gray-Hiddleston one; Stoffer-Donahay, two.

## Short Skirts Not To Pass Entirely

New York, Feb. 8.—Milady's short skirts, left over from an older dress era, need not hang forever in the closet.

For the National Retail Dry Goods association, now in convention here, has approved the short skirt for sport wear.

A leading stylist at the convention announced the following skirt lengths as those which will probably be followed throughout America this spring and summer:

For informal daytime wear—four inches below the knee.

For sports wear—Two inches below the knee.

For evening—Either ankle or floor length.

## Tear Gas Gun Drives Curious from Garage

Lisbon, Feb. 8.—Demonstration of a gas gun in the county garage at Lisbon Friday afternoon drove a crowd of spectators out of the building.

For months a gas gun has been in the office of Sheriff W. J. Barlow, having been sent to Lisbon on approval. It was never discharged until a demonstrator arrived at Lisbon Friday.

One gas cartridge was discharged from the gun within the garage, and another known as a long range cartridge was discharged into an open field.

It is probable that the tear gas gun will be purchased by the county for the use of the sheriff's office.

## Disorders Mark Debate Of Wet, Dry Advocates

La Guardia, Brookhart Cross Swords in Cleveland. While Crowd Throws Hisses and Boos At Arid Iowa Legislator's Talk

Cleveland, Feb. 8.—Cards of strength for the forthcoming congressional liquor war in Washington were laid face up on the table today following a debate here last night between Congressman Florencio H. LaGuardia of New York, and Senator Smith W. Brookhart, of Iowa, champions of bitterly opposed sides, on the question, "can prohibition be enforced?"

An audience of 3,603 which was decidedly wet in sentiment, hissed and heckled Senator Brookhart, the arid Iowa, and cheered and applauded LaGuardia, the militant and outspoken critic of prohibition. As the two gave each other a memorable tongue lashing, the audience cast its lot with the New Yorker, nearly three to one.

Violates Bill of Rights  
LaGuardia based his main argument on statements that the liquor law is a violation of the bill of rights. That it would take millions of dollars to enforce it; that drunkenness has increased since prohibition; that the coast guard is contaminated and corrupted as a result of the law, and that murder is condoned.

Brookhart attacked Secretary of the Treasury Andrew W. Mellon as the man "responsible for rotten prohibition enforcement," and affirmed

## ROBBERS ENTER STORE IN CITY; MONEY STOLEN

Kaufman Bros. Victim of Night Crime; Get \$15 In Cash

Possibilities that Salem may be involved in another series of robberies loomed today with report of Police Chief T. W. Thompson that the Kaufman Bros. grocery store, 508 South Broadway, was robbed some time last night.

It was the second robbery of a Salem establishment this week, both cases leaving police without plausible clues to work on despite extensive investigations.

Fifteen dollars in cash was stolen by intruders from the grocery store. Entrance was made by breaking a window in a door in the rear of the building following which the door was unlocked.

Nothing else in the store was disturbed, the money being the only loot obtained by the robbers.

The robbery was discovered when the store was opened for business about 6:30 a. m. today. Police headquarters were notified, Patrolman Wilbur Hiddleston responding to the call. He conducted investigations and later reported to Chief Thompson, who continued to search for clues.

Mystery surrounds both this robbery and the theft of \$150 in cash and valuable papers and files from the Walter A. Moff feed store, 782 South Broadway, some time early Wednesday morning.

## GERMANS START DRY MOVEMENT

70,000 Saloons Would Be Eliminated Under New Plans

Berlin, Feb. 8.—The first definite step toward liquor-drinking control in Germany was taken by the economic committee of the reichstag today.

The committee voted in favor of "rationing" saloons on a basis of one to each 400 inhabitants.

Should the reichstag sustain the decision of the economic committee, it would mean the elimination of some 70,000 saloons throughout Germany, as the present proportion is far in excess of one to 400.

Opponents of the proposed ration law bitterly resent any restriction on the number of saloons, charging it foreshadows the advent of prohibition in this country.

In support of their opposition, they have submitted voluminous testimony designed to show that prohibition in the United States is a failure. One of the witnesses before the committee, Dr. Frey, director of the federal health bureau, declared that prohibition had failed to lessen the number of alcohol deaths in the United States.

"Liquor in that country is drunk at rarer intervals but in about equal quantities," Dr. Frey said, "the effect being worse because of the poor quality of the alcohol consumed."

## Hurt In Crash

Lancaster, O., Feb. 8.—Charles C. Cloud, 42, local barber, is in a serious condition in Lancaster hospital here today suffering from injuries which he received when his automobile struck a cement bridge two miles west of Lancaster.

## LANDRO ASSESSED \$200 ON CHARGE; PLEADED GUILTY

\$300 Also Paid On Charge Of Possession Of Intoxicant

## ARRESTED IN RAID ON LAST SATURDAY

Other Liquor Case Again Postponed by Mayor; Date Not Set

James Landro of Salem, was fined \$500 and costs on two charges of violation of city liquor ordinances on arraignment before Mayor John M. Davidson this morning.

Landro entered pleas of guilty to charges of unlawful possession of implements designed for the manufacture of liquors and possession of intoxicating liquors. He was represented by Atty. H. L. McCarthy who entered the pleas in behalf of his client.

Davidson imposed a fine of \$200 and costs on the charge of possession of implements for manufacture of liquors and \$300 on the possession charge. Both fines were paid.

Landro was arrested following a raid on a Newgarden at residence last Saturday night in which a giant 75-gallon still, 500-gallons of mash and approximately 100 gallons of the completed product, whiskey, were confiscated. The entire police force participated in the raid.

Police Make Raid  
The arrest was officially made by Patrolman William Reardon after, according to police, Landro fled from the Newgarden at residence to a Wilson at home. He was trailed to the latter place after clothing and papers, allegedly belonging to him, were found in the house where the still and liquors were found, containing the address of friends on Wilson st.

Police Chief T. W. Thompson was in charge of the raid and was assisted by Patrolmen Reardon, Ralph Koffler, Jesse Gray and Wilbur Hiddleston.

The trial of Joe Noreno, also of this city, charged with transportation and possession of intoxicating liquors, was again continued indefinitely by the court. Landro was arrested by Chief Thompson and Patrolman Stoffer shortly before the raid on Landro's alleged place of business on Newgarden st.

## WOMAN ADMITS OHIO ROBBERIES

Series of Grocery Store Mysteries Cleared Up Through Arrests

Columbus, O., Feb. 8.—A number of grocery holdups and robberies which have occurred here recently were cleared up today when Mrs. Grace Fox, alias Gardner, 41, confessed two of the robberies to police, and two men were each sentenced to 14 years in the Ohio state penitentiary for similar crimes.

Mrs. Fox confessed to Chief W. G. Shellenbarger that she held up and robbed one of the stores twice within the past week. "I needed the money," the confessed bobbed-haired bandit said.

Another woman, Mrs. Hallie Lopez, is being held as a suspect for further investigation. She was thought at first to be the bandit.

Phil A. Binninger, 30, and Jesse Shively, 28, both of Columbus, who pleaded guilty to robbery charges, were given the prison sentences by Judge Dana R. Reynolds in Franklin county criminal court.

A plea for clemency was made by counsel for the two convicted bandits, but Judge Reynolds held to his recently announced plans not to show any leniency to bandits and robbers.

## Football Coaches Receive Trophies

Floyd W. Stone, head football and basketball coach at Salem High school, was honored with presentation of a gold football at a student assembly held at the high school auditorium Friday.

H. C. McCord, assistant athletic coach, was also presented with a trophy but was not present at the assembly. Presentation of the trophy to Stone was made by Glenn Whinnery, honorary captain of last year's football team.

## ARMS IN LATIN-AMERICA

One of the chief sources of antagonism against the United States, particularly among the Central American governments, has been a belief that this nation favors the imposition of its ideas upon its smaller neighbors by force of arms. This belief also has been given wide credence by many American citizens who entertain doubts concerning their government's policy in these countries, although there has been insufficient action to substantiate such a stand.

President Hoover announced his intention some time ago of sending a commission to Haiti to investigate outstanding problems and prepare for American evacuation. Recent riots and mild forms of revolution made action imperative. It was this state of affairs which prompted him to send a special message to congress during the height of the disorder asking for an appropriation to defray the expenses of a Haytian commission. Congress has honored his request with an appropriation of \$50,000 and Mr. Hoover announces that he will select his commission within one week.

The president's formal statement that he is chiefly concerned with the withdrawal of United States military forces from Haiti and that he has no desire for representation of American government abroad by military forces is expected to have a profound effect in solidifying cordial relations between the United States and the Latin-America republics. Immediate withdrawal from Haiti, advocated by some, is of course impossible and is little desired by representative Haitian groups which realize that removal of a steady hand would be disastrous. There is no doubt, however, that eventual withdrawal is possible and desirable and it will be the purpose of the commission to determine how it may best be accomplished.

Policies must change to keep pace with conditions. The United States entered Haiti in 1915 to correct a distressing condition of chaos resulting from civil war. Responsibility for protecting order, organizing finances and developing natural resources was placed in the form of a treaty which expires in 1938. Mr. Hoover says:

Peace and order have been restored, finances have been largely rehabilitated, a police force is functioning under the leadership of marine officers. The economic development of Haiti has shown extraordinary improvement under this regime. It is marked by highway systems, vocational schools, public health measures. . . . We need now a new and definite policy looking forward to the expiration of our treaties.

Day after day, week after week, month after month and year after year, the days claim temperance, happiness, health and prosperity; weeks claim intemperance, sorrow, ill health and dissatisfaction. The time is ripe for some smart fellow who can "take it or leave it alone" to step up and tell the truth.

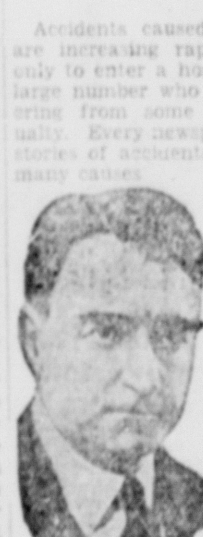

## What Others Say

**LABOR AND CONGRESS**  
The American Federation of Labor has begun a wide and extensive campaign to "win" the national congress. President Green announced that he will soon lay down this general program for non-partisan political activity in the coming and future campaigns.

This is the traditional policy of Samuel Gompers, who believed in rewarding those who have proved friendly to labor and punishing its foes, and the regardless of party labels.

American labor has made phenomenal progress, but this progress has been advanced through the functioning and assistance of the two great parties of the union. Labor, perhaps, has the right to seek for friends and proper power in congress. These have always been forthcoming. Labor legislation in this country tends any legislation of the kind in any country on earth in its profitable relation to

## WHEN MIND AND BODY FAIL TO COORDINATE

BY ROYAL S. COPELAND, M. D.  
(United States Senator from New York)

DR. COPELAND

Accidents caused by automobiles are increasing rapidly. You have only to enter a hospital to find the large number who are there recovering from some automobile casualty. Every newspaper has the sad stories of accidents, accidents from many causes.

One authority tells us that there are twice as many children of school age killed in accidents as die of any one disease.

This is really appalling! What can be done to lessen this harvest of life and limb?

We see "Safety First" signs everywhere. They are seen in the streets, cars, subways and in buses. The Red Cross and the state do much in this line. Attempts are made to educate the people so that they will exercise every care to avoid accidents.

St. Louis has introduced into its schools a system of safety education for boys and girls. The result has been that 75 per cent of the usual number of accidents to children should have been prevented. Every city should follow this noble example.

According to the National Safety Council, there are 34 non-fatal accidents to every fatal one. We are glad it isn't worse, but this means that out of 34 accidents many victims will be crippled in some way or other, and some of them permanently.

In stormy, slippery weather, there are numerous accidents. People go, with lowered heads, maybe under umbrellas. They dash around in front of street cars and automobiles without stopping to make sure of safe passage.

On the street, in the store, in the factory, or right at home any one of us is liable to have an accident. When one is over-tired, or absent-minded, it is very easy to make a misstep or to do the thing which wouldn't be done if the mind were alert to every move.

Some persons seem to stumble more easily than others. How can we develop our power of co-ordination? It is well that children when they are young have gymnastic exercises, some form of games or dancing, some form of exercise that will train body and brain, to work together. What we call "poise" of the body is developed in this manner.

These things influence the good health of the child. Perhaps fewer accidents would happen if all could be taught poise, alertness and the importance of what we call "safety first."

**Answers to Health Queries**  
M. K. B. Q.—What is the cause of excessive perspiration under the arms?

2—What is the remedy for excessive salivation?

A—Usually due to a nerve disturbance. Try using hot water compress under the arms for half hour daily to check the symptom.

Improve the health and the nerves will benefit.  
2—Since the trouble is usually due to some gastro-intestinal disorder, correct the diet first of all. Also be sure to keep the intestinal tract clear.

MRS. J. F. C. Q.—Is dandruff contagious?  
A—While not exactly contagious, care should be exercised. Never use another's brush or comb. Keep the hair and scalp immediately clean by careful shampooing and rinsing, and use a good hair tonic occasionally.

J. H. Q.—What should a young man of 19, 5 ft. 6 in. tall weigh?  
2—How can I increase my weight?

A—He should weigh about 145 pounds.  
2—Build up your health and you will increase in weight as well as benefit generally.

## GENERAL MOTORS' lowest-priced eight

\$1045 and up superior performance

The development of the New Oakland Eight in reality goes back sixteen years. Several of the engineers responsible for its design participated in the production of General Motors' first eight, in 1914. Their extensive knowledge of eight-cylinder engines has resulted in a car of remarkably sound basic design, as well as one which has many advanced features. Its 85-horsepower engine develops one horsepower for every 37 pounds of car weight. This explains why few cars are as fast—why few, if any, can climb hills so quickly or accelerate so swiftly in traffic. Those who have driven it know how well it merits the description, "the car with superior performance." (The New Oakland's power plant is also exceptionally smooth. Its inherent eight-cylinder smoothness has been increased by a complete down-draft fuel system—new type cylinder heads insuring uniform combustion—laminated steel spring and rubber engine mountings. Considering its superior performance, exceptional smoothness and the beauty of its new Fisher bodies, the New Oakland Eight is very moderately priced. Thus many who have wanted to own a fine eight-cylinder automobile will find it a car of unusual appeal. Come in and drive it today.

## REP. BECK WARNS REPUBLICANS OF FANATICAL DRYS

Party Faces Destruction  
According to Speaker  
In House Address

SUSTAINS RIGHT OF  
WETS' REVOLUTION

Hopsc's Greatest Orator  
Gives First Speech On  
Dry Situation

Washington, Feb. 8.—Declaring the Republican party cannot remain "half wet and half dry," Rep. James M. Beck (R) of Pennsylvania warned the house Friday afternoon that the party faces destruction unless it "saves its soul" from fanatical drys.

Hailed as the house's greatest orator, an ex-solicitor general and speaker in the Hoover campaign, Beck emerged in his first prohibition speech as the new oracle of house wets.

Drawing upon his experience as a constitutional lawyer, he declared the history of the English speaking people sustained "the right of revolution" against the eighteenth amendment.

Declaring the Whig party's effort to control the habits of the American people brought about its destruction, he said:

"A Sinister Omen"

"The result is a sinister omen for the Republican party ever in this day of its great power. The Whig party perished and the Republican party came into being. I say it with regret, but I say it as a necessary warning that the Republican party cannot longer afford to sell its soul to the fanatical drys and if it does and thus becomes the party of prohibition, it may have a like fate."

"The party did not emancipate the slave to put the white man in the chains of an intolerant policy. The Democratic party can retain its hold upon its rank and file by the inert force of invincible prejudices, but the Republican party cannot hold for ever a large number of self-respecting men and women to whom the intolerance of prohibition is a moral affront. It cannot forever be half wet and half dry."

Stating the "fanatical dry leaders are at the moment enjoying a 'Belshazzar's feast' with fast legislative majorities, Beck asserted the individualistic traits of the American people were asserting themselves in a revolt against the dry law."

The "right of revolution," he said, arose when Lord Chief Justice Jeffries, in England, convicted 1,300 men in four weeks.

"Of course," he said, "this is not a record for efficiency as compared with our government in the matter of prohibition, for our government in the matter of prohibition, for last year, according to the report of our own attorney general, there were terminated 86,455 criminal prosecutions under the Volstead law."

Beck called upon Edmund Burke's statement that you cannot drink a people.

## Britain To Abolish Old McKenna Duties

London, Feb. 8.—Philip Snowden, chancellor of the exchequer, has definitely decided to abolish many of the McKenna duties on imported foreign goods when he introduces his budget next April.

Import duties on the following imported goods are likely to be abolished:

Leather and embroidery as from July 1.

Cutlery as from December 22.

Leather and fabric gloves as from December 22.

Gas mantles as from December 22.

Snowden also favors abolition of import duties on gramophones, pianos, clocks, and watches, automobile tires, and these also will be given effect in the coming budget.

Despite his Free Trade policy, however, the chancellor is unlikely to bring himself to do away with the silk duties this year. These cost him in a tiny little sum of \$2,000,000 and he cannot afford to lose this.

The fate of automobiles hangs in the balance. Snowden would like to see removed the 33 per cent duty on these, but how again it is difficult to see how he can dispense with the revenue gained.

The uncertainty regarding many of his plans has been causing much disturbance to industry in Britain for months past, and in regard to the proposed free import of foreign automobiles, the British manufacturers may find the majority of the present cabinet on their side.

## Tulsa Woman Is Good Traffic Cop

Tulsa, Okla., Feb. 8.—Tulsa recently had a self-appointed female traffic cop and she proved to know her duties, so to speak.

Miss Margaret Mayo had just taken her brothers to school when she noticed a dozen or more automobiles stalled on a slippery hill. She realized that other cars, unable to see the traffic mixup, as they approached the intersection of Fairview and Orange avenue, would be liable to avoid sliding into the congestion of motor cars. So she stepped out and re-routed the traffic like a regular cop.

The owners of the congested automobiles agree as one to the fact that Miss Mayo is a real traffic cop even if she is a lady.

## COLUMBIANA CO. TO GET OFFICE

AmericanChinaWareCorp.  
To Move to Liverpool  
And to Sebring

General offices of the American ChinaWare corporation, representing a merger of 10 eastern Ohio potteries, will probably be moved from Cleveland to Sebring and East Liverpool, George C. Mitchell, superintendent of the company has announced.

"We are considering this step but will reach no decision until the early part of next week," Mitchell said.

General offices of the corporation were established on the fifth floor of the new Terminal building, Cleveland, soon after the merger went into effect last spring. A little later the main sales office which was established in Chicago, was also transferred to Cleveland and Chicago made a branch sales headquarters.

Offices which will be located in East Liverpool will be established in the two-story office building of the Knowles, Taylor & Knowles company, Walnut st. East Liverpool, it is reported.

Office quarters in Sebring will probably be maintained in the three plants which joined the merger. Since the removal of the main offices to Cleveland, the office forces of the Knowles, Taylor & Knowles company and the Smith & Phillips China company, East Liverpool, have been reduced to a minimum.

In addition to two East Liverpool plants, the American ChinaWare corporation is made up of the Pope-Guyer China company, Coshocton; the National China company, Sainsville; the Saxon China company, the French China company, the E. H. Sebring China company, the E. H. Sebring China company, and the Strong Manufacturing company all of Sebring; the Morgan-Belleck China company of Canton, and the Carrollton Pottery company, Carrollton.

## Co-eds' Figures Are Better Than Venus

Pittsburgh, Feb. 8.—Venus Di Milo was quite a figure in her day, judging from the reputation which has survived her in the way of her "perfect 36" has influenced on styles and hopes of women who would be admired for their figures and their carriage.

But, according to Uncle Sam, Carnegie Institute of Technology co-eds need make no apology to Venus; the co-eds in fact, have the edge.

It all comes about through the recent announcement from the United States Bureau of Standards that 34 and 35 1/2 is the most desired measurement for a woman's waist.

Then came the measuring of several Tech co-eds selected at random and seven out of ten of them came through the test with flying colors. One of them, in fact, Eugenia Tucker, a sophomore, who came to Tech from Yorkville, N. Y., rated 36 per cent, according to Uncle Sam's idea of what size should a girl be. Miss Tucker not only measured 34 at the waist, but with a 27 at the hips registered what the bureau of standards sets as perfect.

"If the girls erred at all in their measurements, it was on the score of a too slender waist," Miss Bess Schrader of the drama school at the Institute said.

## BRITAIN HOPES WARSHIPS WILL BE ELIMINATED

Visions Time When Seas  
Will Be Cleared Of  
War Weapons

London, Feb. 8.—Great Britain hopes that the time will come when the battleship will disappear altogether from the surface of the sea. This was made clear Friday in the new British proposal for armament limitation, in which this government signified its agreement for battleship parity with the United States and set forth a number of important suggestions for reduction of naval arms.

While it is realized the United States does not favor battleship abolition, the hope is expressed that this condition may be brought about eventually, and suggestion is made that abolition be discussed informally during the present five-power conference.

In any case, it was pointed out, Britain will press for reduction of battleship tonnage without disturbing the equilibrium of the Washington treaty. British experts favoring reduction of capital ship tonnage from 35,000 to 25,000 tons, reduction of guns from 16 to 12 inch calibre and extension of battleship life from 20 to 26 years.

One of the most important suggestions is that a new conference should be called for 1933, and that any agreement resulting from the present parity should extend until 1935. This would permit of a thorough review of the situation and the results achieved by the present conference.

Make No Concessions.

British proposals make no concession to the French thesis for limitation by global tonnage, insisting that agreement should be not only upon global tonnage but "upon the size of the individual ships in the various categories and upon the tonnage used by each nation in each of these categories."

The distinct categories suggested are capital ships, aircraft carriers, cruisers, destroyers and submarines.

The suggestions propose that a certain amount of transfer should be permissible between the categories with the exception of capital ships, aircraft carriers and submarines. The British agree to permit a certain transfer, but a percentage which remains to be arranged from eight-inch gun cruisers to the six-inch class. Although only one cruiser category is proposed, it would be sub-divided into eight-inch and six-inch classes.

The proposal stresses Britain's policy to keep the "highway of the sea" open for trade communication. It also stated that British obligations under the League of Nations must be considered "partly affected though they are by the security afforded under the covenant by provisions of mutual protection."

Rev. Samuel Mosher, of Cardington, superintendent of Ohio yearly meeting, was expected to attend the Saturday sessions of the quarterly meeting.

Rev. Calvin Choate will give the address at the Sunday school rally at 2:30 p. m. Sunday, E. I. Goldy, superintendent of the Bible school department of the quarterly meeting, who arranged the program, and was scheduled to give the welcome at the rally, will be unable to attend on account of illness. Arthur Emery, of Alliance, will preside in Goldy's place.

## Jury Wrangles

JOHN W. BRADY

AUSTIN, Tex., Feb. 8.—A mistrial appeared imminent today as the jury in the trial of John W. Brady, prominent Texas jurist charged with slaying to death his pretty alleged intimate, Miss Leblia Highsmith, 26 year old supreme court stenographer, entered the fifth day apparently no nearer a decision than on Tuesday night.

District Judge J. D. Moore has indicated he will release the jury today if it cannot arrive at a verdict. It has been considering the case since 5 o'clock Tuesday afternoon, and was reported to have been deadlocked, two for acquittal and 10 for conviction, since a few hours after it took the case.

Warsaw, Mo., Feb. 8.—H. A. Meyer, 80-year-old farmer who shot himself five times at his home here the other day in an effort to commit suicide, has had his desire to die fulfilled.

Although the bullets he fired from a revolver bounced off his head without injuring him, the nerve shock he sustained resulted fatally.

## Paris Needs 66,000 More Apartments

Paris, Feb. 8.—There are more than one hundred thousand persons in Paris who live more than two in a room, according to an official report recently made here.

This means that at least 66,000 additional apartments are needed to enable housing space to be brought up to the general level, even of one room for two persons. Two hundred and thirteen thousand are necessary to give one room to each inhabitant of the capital.

## Poison Gas Used In War On Insects

Vienna, Feb. 8.—Poison-gas is being used in the war against insects against the wood-borer.

The famous high-altitude in Kefern, Austria, which seemed to be entirely lost by the nefarious activities of this insect was saved by "gassing the church." Now the same method will be applied to the high-altitude of Kitzbühel, near Kitzbühel, which dates from 1630 and is also threatened to become a victim of the wood-borer.

## Social Affairs

### ENTERTAINS CHOR

Members of the choir of the Church of Our Saviour were special guests at an enjoyable covered dish supper given by the Harriet Waid guild Friday evening at the parish hall.

The hall was made attractive with Valentines and hearts. Red candles, calendars and jonquils enhanced the table arranged for 50 guests.

Two one-act comedies featured the after dinner program. "A Slight Misunderstanding" was presented by Mrs. John Stratton and Mrs. Elizabeth Kelley, while the cast in "The Train Tomorrow" included Mrs. Steinbaugh, Mrs. Mary Askam, Mrs. Edwin Bowman, Mrs. Harold Ebb, accompanied by Mrs. Habb, two readings, Mrs. George Montford, vocal solo, Harold Harmon, accompanied by Mrs. William Daubler, New York City; piano solo, Mrs. Harold Babb. Guessing games furnished amusement.

The committee, which arranged the affair, was composed of Mrs. Alenzo Farmer, Mrs. Harry Robinson, Mrs. Ralph Sturgeon, Mrs. John Stratton.

### LUTHER LEAGUE

One new member was added at a business and social meeting of the Luther league of Emmanuel Lutheran church Friday evening at the church.

The carnival planned for Feb. 14 has been postponed until Feb. 28. Games and refreshments were pleasures of the social hour. The refreshments were served by Mary Liebhart and Leonard and Carl Kraus.

The next meeting will be held on Friday evening March 7.

### MRS. HICKLING HOSTESS

Mrs. Homer Hickling opened her home, North Elsworth ave., to club associates Friday afternoon. Bridge was introduced. Three tables were engaged in the games. Mrs. W. C. Windle and Mrs. Arthur Brian won the prizes. Valentine appointments were used in the lunch served by the hostess, Mrs. Cecil Chessman, of Pittsburgh, was an out of town guest. In two weeks the members will meet with Mrs. Joe Kelley, East Third st.

### MRS. BEDELL'S CLUB

Mrs. Walter Harwood, Mrs. Alice Montgomery and Mrs. J. F. Frank were included in the guest list when Mrs. Ida Bedell entertained her club associates Friday afternoon at her home, East State st. Mrs. Harwood and Mrs. Montgomery won prizes in the games. In two weeks the members will meet with Mrs. M. E. Cobb, East State st.

### CARRIE BARGE CIRCLE

Miss Beatrice Maeder had charge of the missionary program at a meeting of the Carrie Barge circle of the Methodist church Friday evening at the home of Miss Nora Greenasah, North Lincoln ave. The hostess served lunch at the social period. The next meeting will be on March 7.

### DAUGHTERS OF REBEKAH

A short social period was held Friday evening after the regular meeting of Home lodge No. 119, Daughters of Rebekah, at the hall, South Broadway.

Plans were made for a program and social in honor of Washington's birthday at the next meeting on Feb. 21.

### SUCCESS CLUB

An informal social time, with music entertaining, occupied the hours at a meeting of the Success club Friday afternoon at the home of Mrs. Fred Dahike, at Damascus. The hostess served a dinner at 5 o'clock. In two weeks the members will meet again.

### DAMES OF MALTA

At a meeting of Peace Sisterhood, Dames of Malta, Friday evening at the hall, East State st. Plans were made for a White Elephant social to be held in connection with the next meeting on Feb. 21.

Miss Nannie Wright, who has been visiting her sister, Mrs. Edward Ford, and family, Perry st., left Saturday for her home near Greensburg, Pa. Mr. and Mrs. Ford accompanied her as far as Beaver Falls, Pa.

Miss Grace Windram, who is employed at the Spring-Holworth store, left Thursday morning for Philadelphia where she will spend two weeks with her sister, Mrs. B. L. Smith.

Mrs. Walter Regal who is ill at her home on East Fifth st. is reported to be getting along well. Mr. and Mrs. Regal have named their infant son, Robert Lee.

### Indianapolis To Spend \$30,000,000

Indianapolis, Ind., Feb. 8.—Indianapolis public officials and business firms plan more than \$30,000,000 worth of improvements in 1930 according to reports at a meeting held in response to President Hoover's business conference movement to stimulate prosperity.

The total amount was said to be \$12,000,000 greater than at the same time in 1929.

State, county and city officials reported that \$7,000,000 worth of public work would begin as soon as warmer weather comes and executives of a number of large companies outlined their expansion plans.

### Cupid Splits Church; Rector Wed by Priest

The former Catherine Rogers, of Elliott City, Md., whose marriage to the Rev. Julius A. Velasco, Episcopal rector, at Dayton, Ky., has precipitated a twentieth century "schism" in the Episcopal diocese. Because the wedding ceremony was performed by Father Michael O'Ryan, Catholic priest of St. Joseph's Monastery, Irvington, the groom's ecclesiastical superior is of the opinion the Episcopal rector should relinquish his post.

### Traces of Old Race Found In Germany

Koenigsberg, Feb. 8.—The excavations conducted under the direction of the Koenigsberg Prussia Museum in the so-called Samland in East Prussia disclose more evidence that this section was very thickly settled during the first five or six centuries of the Christian era.

More than 250 graves have thus far been found, with great quantities of amber beads. Virtually the entire amber deposits of the world are located at and around Paimnick, near Koenigsberg, where about 50 long tons are mined every year.

### France Has 15,273 Public Dance Halls

Paris, Feb. 8.—France now counts exactly 15,273 public dance-halls, according to the latest figures given out by the tax collector.

Naturally, it is in the Seine department which includes Paris that the dance halls are most numerous and there are no less than 742 halls.

Ardeche is unique in that there is not one hall in the entire department, but this does not mean there are no dancers. All dancing is done in the family to the sound of the famous instrument, la cornemuse, a kind of pig-skin pipe.

That persons are freed of their bitter taste by sealing them in waxed paper during shipment has been discovered by a Californian.

### Today's Pattern

THE frock presented today is simple, yet extremely smart. The low placed skirt flare, the raised waist line and the bodice tucks are outstanding features that proclaim the new mode. Tiny revers and a dainty bow trim the bodice.

Slits printed in tweed designs or geometric figures are lovely for contrasting frocks. Mixtures that combine brown, beige and green-black, red, grey and yellow-blue-green, orange and black—are being shown for early spring wear.

May be obtained only in sizes 16, 18, 20, 24, 30, 36 and 40. Size 16 requires 3 1/2 yards of 40 inch material.

No dressmaking experience is necessary to make this model. The pattern has ample and exact instructions. Yardage is given for every size. A perfect fit is guaranteed.

**COUPON**  
This pattern will be delivered upon receipt of 15c, coin or stamps, carefully wrapped. # Red And Black Wins Third Consecutive County Cage Contest

## SALEM HIGH GIRLS UPSET LISBON HIGH SEXTET

### Lisbon High Defeated By 29-16 Score; Salem Holds Edge Throughout

Helpless against the impenetrable defensive combination formed by an offensive team, Salem High team, Lisbon High was outclassed and succumbed to Coach Floyd Stone's varsity basketball by a 29-16 score, in a drab struggle at the Salem gym Friday night.

The Red and Black played one of its outstanding defensive games of the season, holding the county seat passers to two field goals during the entire game and were never in danger of defeat. It was one of the most uninteresting contests ever played between the two schools despite the traditional rivalry which serves as background for all Salem-Lisbon athletic contests.

Lisbon tallied only one field goal during each half and failed to display the all-around strength anticipated. The Stone-men were never forced to indulge in unusual or spectacular exhibitions and were never pressed. Stone used almost his entire squad of 20 players in the game.

**Lisbon Scores On Fouls**  
The Blue and White passers scored three points via charity fouls in the first quarter and failed

### Salem Saxons Play Alliance Tonight

Salem Saxons meet the Alliance Saxons in a Penn-Ohio German league game at the Memorial building gymnasium at 7:30 tonight.

The Salem team has won six straight league victories and is favored to make it seven straight with a win over Alliance. Alliance was trimmed by two points in a sensational game earlier in the season.

Joe Kelley will referee.

### Warren Teams Invade Salem Court Tonight

### East Liverpool Reserves Play Prelim; Varsity Games Booked

Salem High teams, successful in three consecutive cage conquests in a single evening, vie for honors with a trio of opponents again at their home gymnasium tonight.

Warren High, hard-core artists, boys and girls, meet Red and Black varsities in feature duels of the evening while the Salem reserves oppose East Liverpool High basketballers in the prelim at 6:30.

Both Warren teams have what is perhaps the poorest records in a decade this season, winning perhaps once every four times played. Each team has lost almost twice as many as it has won.

Warren boys' best display of talent this season was exhibited against the strong Canton McKinstry team last week, when it held Coach Dwight Pashod's talents to a 26-23 decision. Considering the 40-22 defeat handed Salem by Canton this comparison, at least, should favor Warren.

**Trimmed By Massillon**  
But then Massillon, who was trimmed by Salem by a 36-26 score, beat Warren 21-12 and Akron East, forced into an overtime period before it trimmed Stone's lads, vanquished the Trumbull Countians, 32-18.

Warren always is a big box office attraction for Salem Indians in that intense rivalry exists between the two schools in all sports. Because comparison of scores never has won ball games and the fact that both boys' teams have been bucking against tough luck all year, a class battle is anticipated.

Salem and Warren girls have played only one mutual opponent, Sharon, Pa. Sharon walloped Coach Annie Oelschlaeger's sextet and did the same twice to Warren but by smaller scores.

Salem reserves hold a one-point decision over Liverpool's scrubs, played early in the season.

### THE DAY In Sports

BOYA IN RING DEBUT  
EIGHT NEW MANAGERS

With the 1930 major league baseball season drawing closer and closer, fans are already speculating regarding the makeup of teams in the two circuits and debating the chances of the Athletics and Cubs repeating. Unusual interest will follow the activities of all clubs in each league, due mainly to the fact that there will be eight new managers at the head of various teams.

The new pilots are divided evenly between the league's four having signed in each. Three will make their debut at managerial efforts, namely Bob Shawkey of the Yankees, Gabby Street of the Cardinals and Heine Wagner of the Red Sox. A fourth manager, Jewell Egan of the Pirates, is likewise a newcomer as regular occupant of a managerial capacity but he gained some experience at the game after succeeding Donie Bush last August.

Bill McKee, who at various times managed the Pirates and Cardinals, seeks glory in a new field as boss of the Boston Braves. Bill Killefer, manager of the Cubs for years, attempts to gather a flag for the St. Louis Browns. Dan Howley, who left the Browns after he found working with Phil Ball unbearable, is at the head of the Cincinnati Reds and is expected to do well. Donie Bush, experienced in managerial work at past manager of the Pirates, Washington Senators and Indianapolis will see what he can do with the White Sox.

**Stone Injects Reserves**  
Smith and Sartick each garnered long distance heaves early in the fourth period and Stone, content with the fact that victory was his, started running in a long list of substitutes from time to time that seemed never ending. Apparently the Salem mentor had the county seat team's strength averaged up about correctly for he had his full varsity squad and members of Coach Harold McCord's reserves ready for action when a decisive surplus of points had been amassed.

The only feature of the game was the defense presented by the Stone-men which allowed Lisbon practically no shot shots in the bucket during the game. Perhaps it was that this defense only appeared strong and that Lisbon had an overwhelmingly weak offense but why bring that up? The team merit all credit for the victory and once again decisively proved its superiority in county athletic competition.

It was Salem's eighth victory of the season and the third straight in Columbiana county competition. It brings the Stone-men's percentage for the season to the coveted .500 with five games to go for Stone can call it quits for the year as far as regularly scheduled games are concerned.

Picking out stars of both teams presented a difficult problem. Both were adept at roughing it and both played as a team and had no individual stars. It was a typical Salem-Lisbon clash except for the fact that it lacked much color, usually attached to county games.

### Night Relay Carnival Slated At Reilly Stadium In Spring

First After-Dark Track and Field Competition Ever Held In America Scheduled At Salem Athletic Field On Night of April 26

The floodlights of Reilly Stadium, official athletic playground of Salem High school sporting square, will be the scene of one of the outstanding scholastic track and field competitions in Ohio on the night of Saturday, April 26th.

A night relay carnival, featuring athletic entries from high schools throughout eastern Ohio, western Pennsylvania and possibly a section of West Virginia, will be held at the athletic field on that evening. It is believed that it will be the first after-dark track and field carnival for high school competition in history of athletics.

Plans for the event are gradually being formulated by Salem High school officials and invitations will be sent to schools shortly after the close of basketball season. Definite ideas of the event have not been rounded out.

**Season Opens April 19**  
Salem High's track season will

begin with a relay race on April 19th.

### Annual County Track Meeting Held In Lisbon

Salem School Officials Attend Midwinter Session Today

Salem High school faculty representatives left this afternoon for Lisbon where they will attend the annual midwinter meeting of the Columbiana County Track and Field association, scheduled at David Anderson high school building at 1:30 p. m.

Wilbur J. Springer, principal, Coach Floyd W. Stone and Faculty Manager Harold M. Williams represent Salem at the event which is being held for the formation of plans for the 1930 track season.

Springer is secretary-treasurer of the association while E. P. Stone-braker, superintendent of Leetonia schools, is president. S. E. New, Wellsville high principal, is vice-president.

One of the features of the discussion during the meeting will be the presentation of a point-per-player system of scoring track meets by William Ward, former athletic coach and now faculty manager at East Palestine High. Ward alleges that Salem's monopoly on county championship titles has crased many an interest in the county track meet and is again forwarding a plan of scoring meets through which points scored will be based upon number of boys entered in meets.

Decision will also be made upon where this year's county meet will be held. Lisbon is expected to place a strong bid for the event to be staged at its fair grounds. It being probable that Salem will submit little opposition to the change as already calendars of activities for the Red and Black have been issued, stating the meet will be held at the county seat.

Much opposition is expected to Ward's plan, however, from larger schools, such as East Liverpool and Wellsville, while smaller schools may favor it.

### Bambino Observes 36th Anniversary

St. Petersburg, Fla., Feb. 8.—Babe Ruth, 36 years old Friday, deserted the golf links long enough to cut himself a piece of birthday cake at a birthday party which was arranged in his honor by Adolph Grant, New Rochelle, N. Y.

Ruth said he "was not worrying" over the dispute between himself and the owners of the Yankees about his salary.

Col. Rupert is expected here next week to talk to Ruth about his demands for an increase of some \$15,000 a year.

"The next move is up to Rupert," The Babe said. "I have nothing to say."

**"Sunny Side Up" Scheduled At State Theater Next Week**

High-Hat Ted

"Sunny Side Up" heralded as Hollywood's greatest contribution to the epochal success of talking pictures during the past year, has its first showing in the Salem district here next week and is scheduled for a four-day appearance at the State, starting Wednesday. The picture stars Janet Gaynor and Charles Farrell.

But "Sunny Side Up" is not the only outstanding drama billed for this city during the week. Screen productions starring such talent as is portrayed by Ted Lewis, famous band leader; Ann Pennington, Jason Roberts, Noah Berry, Betty Compson, Lee Moran and others being booked.

"Sunny Side Up" naturally heads the week's list but it is followed closely in rating by the three other shows on the week's bill which is as follows:

### STATE THEATER

Monday, Tuesday—"Isle of Lost Ships," all-talking comedy.  
Wednesday, Thursday, Friday, Saturday—"Sunny Side Up," Sound news, cartoon.

### GRAND THEATER

Monday, Tuesday, Wednesday—"The Street Girl," all talking comedy. "Great Gals."  
Thursday, Friday, Saturday—"Is Everybody Happy?" All-talking comedy. "King of the Kongoes."

Betty Compson displays great talent as a violinist in "The Street Girl" a show in which she and Lee Moran win unprecedented honors as screen players. John Harmon is cast as the leading man. It is the picture which made the song "Loveable and Sweet" famous.

Ted Lewis is cast as the son of a Viennese musician who "goes jazz" against his parent's wishes and becomes famous overnight. The culmination of the story shows him as he really is today—the nation's leading band director who serves to the public a type of music that has elevated him high.

### All-Star Drama

"Isle of Lost Ships" is a stirring all-star drama of shipwreck, mystery, escape by submarine and battles for lost love in the Sargasso sea. Nature and film makeup conspire to produce a grotesquely ugly, malevolent and threatening group of individuals as can possibly be imagined in the picture. Virginia Valli, Jason Roberts, and Noah Berry head the cast.

An entirely new Janet Gaynor and Charles Farrell are revealed in their debut in "Sunny Side Up."

Miss Gaynor, who reveals a voice of rare charm, sings three songs, including "If I Had a Talking Picture of You," the latter as a duet with Charles Farrell.

Farrell, in the role of a society man from Southampton, acquits himself credibly in a light comedy part and sings in a manner that stamps him as a real find in the talking picture musical comedy field.

The story is fast, full of action and replete with excellent comedy.

## ENTERTAINMENT PROGRAM READY

Quartet Will Appear At Columbiana School Next Tuesday

Columbiana, Feb. 8.—Following is the program, subject to change, which will be given next Tuesday evening in the Columbiana high school auditorium, by the Four Vagabonds and Edith Calhoun, popular radio entertainers of station KDKA. Miss Calhoun serves as director and accompanist.

The Vagabonds, a male quartet, is composed of William Stevenson, first tenor; Harold Briggs, second tenor; Raymond Allen, first bass and Wilbur Newman, second bass.

Part 1—Opening song, "Swing Along," original arrangement of "Let Me Call You Sweetheart," bass solo, "Bells of the Sea," introducing "A Quartet Rehearsal," tenor solo, "My Mother's Eyes," solo and quartet, "Carolina Moon," "Oh, Miss Lucinda," with piano accompaniment, extraordinary, comic number, "I Gotta Code in My Doze," jazz number, "Do Something," a comic shout, "He Away Home."

Part 2—Newman, the Magician, presenting a variety of Magical Effects. Part 3—Original song medley, arranged by Edith Calhoun, famous directing of "That Funny Melody," comic song, "There's a Hole in the Bottom of the Sea," imitation of "Hawaiian Guitars," selections, Edith Calhoun; final number, "The Vagabond Side-show minstrel."

The following item is taken from the Orange, Calif. Daily News: "Mr. and Mrs. N. S. Orr of 713 E. Palmyra Ave. and Mr. and Mrs. W. W. Warden of 737 Marietta Place attended the wedding in Los Angeles of their daughter and sister, Miss Martha Orr and Gilbert Wakefield.

The ceremony was performed by Dr. E. E. Helm in the Methodist church at 4:00 p. m. Saturday, January 18th. The bride is visiting nurse at Bullock's department store and Mr. Wakefield is employed in the offices of the Union Oil company of Los Angeles.

The annual stockholders meeting of the Home Savings & Loan company was held Tuesday evening at the office of the company and the following directors elected for the year: W. L. Augustine, G. Ed. Buzard, W. A. Heston, I. R. Haven, W. A. Dyer, J. J. Quigley, Willis Pummell, J. V. Stewart, Jerry Shontz, Henry Staley and S. S. Weaver. An excellent report of the earnings of the bank was read by the secretary, G. O. Patchen. Following adjournment, the directors re-elected the officers, as follows: President, W. L. Augustine; vice-president, S. S. Weaver and Jerry Shontz; secretary, G. O. Patchen.

Mrs. C. E. Smith most delightfully entertained members of her Sunday school class Wednesday evening at a 6:30 dinner at the Park hotel. The table was beautifully decorated with Valentine appointments and centered with a bouquet of red and white carnations. Covers were laid for 16. The usual business and social period followed the three-course dinner. Mrs. Roy Pavey, Columbus, was a guest. Mrs. Ralph Irons will be hostess for the March meeting at her home, Stanton Ave.

The Sorois society met Wednesday evening at the home of Mrs. C. D. Strickler for their program on travel. A number of guests were present to hear an excellent talk by Miss Mary Strubel on her trip abroad. Mrs. Strickler favored with a solo, "Home Again." The next meeting, February 19th, will be at the home of Mrs. L. J. Garrard, 8 Main St. and the subject will be "Antiques."

Charles Buzard of Detroit visited his parents, Mr. and Mrs. G. Ed Buzard, Tuesday evening, coming here from Akron, where he had been on business for his employer, the Cleveland Casualty Co., Detroit branch.

Mr. and Mrs. Wilson Sider, N. Lima, were local business callers Wednesday.

D. H. Mackintosh and Enos Yoder, East Palestine, called on Columbiana friends Thursday afternoon.

Mrs. Roy Pavey, Columbus, is visiting her sister, Mrs. R. J. Esterly, and family, Vine St.

Mrs. W. C. McKain, Youngs, Tenn., was in Columbiana on business Tuesday.

Mr. and Mrs. Chas. A. Brown, Youngstown, were local visitors Wednesday.

### STYLE EDICTS

Paris, Feb. 8.—Lingerie is growing more and more ladylike this winter, just like all of women's wear. It is obliged to follow along in the same line in order to keep to the chic silhouette.

Very tailored "shorts" and briefest step-ins are giving way to more feminine undergarments which are by no means bulky but certainly more beautiful and beautiful than ever before. They are very sleek and sleek-fitting down to the hip-line, then flare out as the frock does. One house is showing a lovely model in crepe de Chine the tone of the frock with which it is worn, reaching about five inches below the knees. The fitted bodice has a yoke of self material at the top and the skirt is flared by little godets, two at the center-front and two at each side. Under the skirt is a very short buttoned pair of culottes attached at the waistline to the bodice.

Another is making a new ensemble of beige lace with a little fitted crepe band at the bottom of the bodice and another at the top of the skirt. Shorts of beige crepe de Chine are worn under the skirt sewed on to the yoke. This house is also making a charming set of evening lingerie of black lace lined with black crepe. There are little black crepe culottes beneath.

## Bandits' Waterloo Comes Quickly

Cleveland, Feb. 8.—Revolving against the holdup attempt of two gunmen, five intended victims pounced on the pair and hounded them a sound beating here early today. The two gunmen, bruised and battered, were taken to a hospital for treatment.

The robbers entered a southeast Cleveland pharmacy early today and stuck up five victims. As one of the robbers opened the cash drawer, Howard Perlich, proprietor of the store, took advantage of the other gunman and kicked the gun from his hand.

Immediately the other victims pounced on the robbers. For a few seconds the pharmacy was turned into a roughhouse with the robbers getting the worst of it. When police arrived they found the bandits bound and gagged. The gunmen were taken to a hospital for first aid and later to central police station.

## Churches Start Drive For Peace

Denver, Feb. 8.—Denver churches of all denominations have combined in a "peace and good will" program for the support of world peace.

"Never again to uphold the cause of war," is the slogan of the movement.

Leaders in the Roman Catholic, Protestant and Jewish congregations of the city, both ministers and laymen have joined in the "peace drive."

Dr. James T. Carlyon, chairman of the committee in charge of the campaign said the organization has a two-fold purpose.

"First, it is designed to create among church people an enlarged understanding and appreciation for each other," Dr. Carlyon said.

"We are endeavoring to wipe out the misunderstanding and prejudices that are known to exist among various religions."

The second object of the movement is to put the church on record in such a way as to make it impossible for religion, as such, ever to be drafted again in the cause of war.

"During the World war the churches in each of the countries involved were persuaded to aid their governments. This condition, we hope, will never be repeated. Individuals of course, should support their governments, but religion must never support war."

An interchange of pastors among the churches is part of the plan.

The health department of a French city has proposed that every person be required to carry a card showing his complete health record to aid surgeons in event of accident.

A new automatic log to record the speed of a ship and distances traveled is operated by a rod extending through the bottom of a vessel into water unaffected by its motion.
